# The Fireplace Chair

The Fireplace Chair is a timeless design originally conceived by Finn Juhl in 1946. Finn Juhl designed the Fireplace Chair for the company Bovirke, and it is also referred to as the BO59. With sensual details such as the paper-knife armrest and its lavish informal comfort, the Fireplace Chair is a true Finn Juhl classic. We manufacture the chair at our production facilities in Vejen, Denmark, using FSC® certified ash, oak or walnut. The chair can be upholstered in leather or textile.
